

**REALSTONE**  
**VENEERS**<sup>™</sup>  
of Tennessee

# FIELDSTONE

Our Fieldstone products are among our most popular. They come in a variety of color ranges that make the natural look of fieldstone so vibrant, transparent, and versatile—it pairs well with almost anything.

In addition to the color variance, we also offer this product in several sizes and styles. This enables us to match the vision of the customer, and make the stone look very clean and elegant or rustic and effortless.

## **Smokey Mountain Medium Ledge™**

4"-6" roughly broken,  
random lengths

## **Smokey Mountain Sawn Thin Ledge™**

3" & under sawed ledge, random lengths

Random sizes, random lengths—also available in thin ledge, medium ledge, ashlar, and mosaic

**Brentwood Ashlar™**  
6"-12" roughly broken squares & rectangles

# GRANITE

This product is used in many different applications because of its durability and color range. Granite is typically very consistent in color and variance. It is often gray, sometimes with warm, tan/brown variances as well.

**Granite Blend**

**Granite Ashlar**

6"-12", roughly broken squares & rectangles

**Granite Blend**

Blend of thin ledge, medium ledge, & ashlar

**Granite Medium Ledge**

4"-6", random lengths

# SPECIALTY STONE

Our specialty stone is particularly unique in color, meaning there are few who can match it. Fortunately, we specialize in producing and processing specialty stone.

**Water's Edge Brown™**  
Tumbled, random shapes & sizes

**Water's Edge Gray™**  
Tumbled, random shapes & sizes

**Midnight Sky Thin Ledge™**  
3" & under sawed ledge, random lengths

4"-10" in diameter

**Black Diamond Thin Ledge™**  
3" & under sawed ledge, random lengths

**Black Diamond Blend™**  
Blend of 3" & under & 4"-6" sawed ledge, random lengths

**Black Mamba™**  
Mixed sizes, random lengths

# BLENDS

Our blends set us apart from our competitors. Each blend is specific to a job we've done in the past that was popular enough to become a regular offering. Each blend features a variety of stone types, cuts, colors, and patterns that come pre-blended, therefore all you have to do is remove it from the package and install it. This creates a unique appearance that looks great in any application.

**Chapel Hill Blend™**

**Buckskin Blend™**

**Canyon Ridge Blend™**

**Cherokee Blend™**

**Copperhead Ashlar Blend™**

**Cottage Blend™**

**Hawk's Blend™**

**Coastal Blend™**

**Texas Lonestar Blend™**

# ACCESSORIES

We have the capability to customize anything you can think of—including hearthstones, mantels, corbels, curbing, water table sills, capping, trim stone, shelving, raw and finished slabs for countertops, and so much more. We also offer a wide variety of stone types and colors.

**Floating Shelves (Left)  
Custom Firepits (Inset)**

**Trim Stone**

**Architectural Fireplaces**

**Corbels**

**Watertable Sills**

**Flagstone Slab Roofing**

**Curbing**

**Outdoor Standalone  
Fireplace- in Ocoee Blend**

# INSTALLATION

It is always recommended to follow the instruction of an experienced mason and/or contractor. The photo on the right is our personal recommendation, developed by masons and contractors, in order to achieve the best application with this real stone product

An installation guide can be downloaded from our website. [www.realstonevenersoftn.com](http://www.realstonevenersoftn.com)

# VENEERS

To the right is the physical difference in thin veneer versus full bed depth stone. Thin veneer ranges from 1.25" to 1.5" thick, while full bed depth stone ranges from 3" to 6" in thickness. If you are using full bed depth stone, you would not need to obtain any corner pieces. However if you are using thin veneer, the cornerstone is simply cut at a 90-degree angle to best fit around your corner.

**Thin Veneer vs. Conventional**

**Cornerstone**

# APPLICATIONS

**Clockwise from above: Stone outside area, Flagstone retaining wall, and Smokey Mountain Medium Ledge on the exterior of a home**

**Chapel Hill Blend Exterior**

**Shelving and Curbing**

**Water feature (above) and blend of Texas Gold, Cream, and White on a home exterior (left)**

# OUR OWNERS

**Brian and Becky Moody opened Real Stone Veneers of Tennessee™ in 2007.**

Brian entered the workforce at 18, and began gaining experience that would set him up to open a family business. In 2004, he began selling full bed depth stone from land he owned. After selling that business in 2007, he started focusing on veneers and opened RSV.

Since then the company has grown to be one of the largest thin veneer distributors in the Southeast. RSV now has 50+ employees and 100+ distributors, and is growing faster than was ever imagined. With sales in every state east of the Mississippi, RSV is consistently growing its footprint with some of the most respected dealer names in the industry.
